REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Webster District:

Owing to an action of the legislature during its last session the number of superintendents of schools in the state was reduced by three. This necessitated a readjustment in several supervisory unions. The Webster district was taken from the Penacook union and put into the Hopkinton-Warner union. The duties of the superintendent of schools of the district which had been so ably and well carried on by Supt. George W. Sumner for the past four years were turned over to me in October, 1937. It thus falls to my lot to write a report of the work of the schools of the district for last year with such knowledge as may be gleaned from the registers and well kept reports from Supt. Sumner's office. The intimate details of the work of the schools which are never recorded are unknown to me. However, I do not feel that I am a stranger in the district as it was my good fortune for eight years to serve as superintendent there, 1925-1933. It is with much pleasure that I again resume work in the Webster schools and renew the many pleasant acquaintances among the citizens of the district.

During the year 1936-1937 the teachers employed in the district were as follows:

Putney Hill—Mr. William S. Herbert, C. N. S. '34.

Corser Hill—Mrs. Ethel Colby, K. N. S.

Mrs. Doris S. Buswell was music supervisor.

REGISTER SUMMARIES

	Putney Hill	Corser Hill	Total	Total 1935-'36
Half days in session	354	354	708	720
Half days lost	6	6	12	0
No. pupils registered	27	26	53	50
Average membership	25.14	23.57	48.71	46.67
Per cent of attendance	96.	94.61	95.30	94.68
No. visits of School Board	0	11	11	12
No. visits Superintendent	12	16	28	26
No. visits Citizens	39	134	173	267
No. tardinesses	57	40	97	77
Av. tardiness per pupil	2.26	1.75	2.00	1.53

From the above table the following may be noted :

1. Each school was in session three days less than the required 180.
2. The per cent of attendance at Putney Hill is very good, but Corser Hill is somewhat low.
3. The number of cases of tardiness in both schools is high. Every effort should be made to reduce tardiness and increase punctuality. Parents and teachers can both assist in this.

The unrepeatd registration in the district was 53. In addition there were two elementary pupils from the district in attendance at Contoocook. At Concord there were 6 high school pupils; at Hopkinton, 4; at Penacook, 1; at Franklin, 1. One tuition pupil was registered in Webster from Salisbury. Altogether there were 67 pupils residing in the district and attending public schools. This is one less than last year.

From an inspection of the budget for this year, 1937-1938, there will be a deficit of about \$500 at the end of the year. At the annual meeting in March the district should raise this amount in addition to the amount needed for 1938-1939

as recommended in the budget of the school board. The installation of a septic toilet in each school is a great improvement which was almost imperative. One toilet in each school was inadequate and inadvisable for the number of boys and girls now enrolled.

From our previous experience we shall look forward with much pleasure to working with the parents and board of the district for the advancement of the educational interests of the pupils.

Respectfully submitted,

JOHN A. SINCLAIR,
Superintendent of Schools.
